# Resident Panel membership

Are you short of time, but want to share your opinions and tell us what is important to you?

Do you want to look more closely at our services at a time that suits you?

*We want to encourage our residents to take part in decisions that affect them and make a difference. Please indicate how you would like to be involved by choosing your preferences on the right of this page*

Residents will be consulted regarding the quality of services, our policies and any services we plan to introduce. Your views play a key part in improving our service. Please remember that your involvement with Keniston is **voluntary** and can be as simple as completing a questionnaire now and again, **you don't have to commit a set amount of time.**

If you are invited to attend a training course or meeting at a venue other than your own housing scheme, you will always have your **travel costs reimbursed.**
