

The Future of Darrick Wood Sixth edition - March 2021

A message from the Chief Executive

We know that Darrick Wood residents like living on the estate and value the qualities it has. Keniston is determined to protect and enhance the quality of the estate environment, for the benefit of everybody living there.

We also know that there is an acute shortage of good quality affordable housing in the area, and we aim to work in partnership with the council to provide more housing to those who need it. We believe that we can help achieve both of these aims, with our proposed development of new flats in the area near the top of Isabella Drive.

Due to the pandemic there have been delays in the project, but we are now ready to move forward and ask for your views on the final proposals. We would like to thank everyone who commented on the recent landscaping consultation.

We will now consult with residents again, but the current restrictions mean that we can't do this face to face. So we're inviting you to join a virtual event online. Instructions on how to join are on the back of this leaflet.

For those who are not able to join, you will be able to view the consultation on our YouTube channel after the event. You can also request a paper copy of the final proposals and provide feedback via email or phone.

We look forward to your feedback.

Jonathan

Thursday 18th March

6.00pm - 7.00pm

Joining MS Teams Live Events by Laptop or Desktop Computer

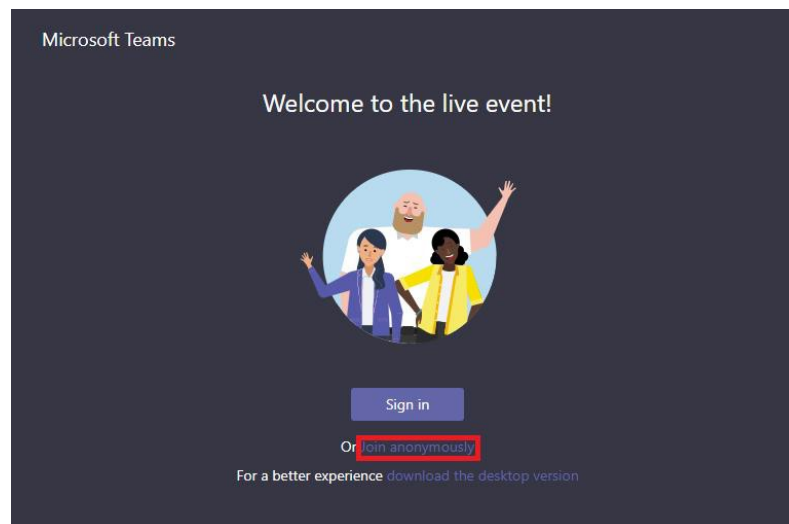

When you have received the link for joining the Teams Live Event, copy and paste it into Google Chrome or Microsoft Edge. The MS Teams joining screen will now be displayed: Select Watch on the web instead.

Click on Join anonymously. You will now join the associated live event.

Use your operating system sound setting to choose your speaker for the live event.

There are controls at the bottom of your screen to pause the action, adjust volume and the video quality.

To participate and ask questions in the consultation, please wait for the organisers to open the Q&A panel Select Q&A on the right side of the screen.

Type your question in the compose box and then select Send.
If you want to ask your question anonymously, select 'ask anonymously'.

Joining by mobile phone or tablet

If you are accessing Live Events from a mobile phone or tablet, make sure you have the MS Teams app installed, via the App Store or Google Play. You do not have to sign in to the app, just click the link to go straight into the event.
